WHO IS THE WORKSHOP??

The Workshop is committed to sustainability & collaborates with an innovative & inspiring Australian Company - Sustainable Salons. A comprehensive resource recovery service designed for the salon environment that gives back to the community. Currently collecting up to 95% of salon waste, all proceeds gained from recycling this waste are donated to charitable organizations that do a killer job helping humanity.

The Workshop is also an Ambassador for the THANKYOU company. Selling, providing & using all Thankyou products in the salon environment. Thankyou Water was born in 2008 in response to the world water crisis. At that time, over 900 million people didn't have access to safe drinking water on a daily basis, yet the Australian bottled water industry was worth an estimated \$600 million a year. Pretty wild given Aussies can access safe water straight from the tap! In July 2013, re-branded as Thankyou, complete with two new ranges: food and body care. The idea was to take a more holistic approach to combating poverty, with 100% of our profits funding safe water, food and hygiene and sanitation services around the world.

The Workshop proudly uses NAK Haircare - 100% Australian Owned & Made.

Our Creative Director, Rachel has developed her own line of Mineral Cosmetics which are Australian Made.

The Workshop is a community and environmentally conscious business who invites you to become a part of our Tribe....
